module	functional and non functinality test					
test case id	satish87					
tester name	satish kumar					
test case description	check the functionality and non-functionality on web (orange hrm)					
prerequisiter	1. Stable internet connection 2. Browsers for cross browser testing					
enviroment information	OS: macOS (Sequoia15.5) System: Laptop (Macbook Air)					
TC ID	**Test Scenario**	**Test Steps**	**Test Data**	**Expected Result**	**Actual Result**	**Status**
TC-001	Verify login with valid credentials	Open OrangeHRM > Enter valid username & password > Click Login	Username: Admin Password: admin123	User is successfully logged into the dashboard	User logged into the dashboard successfully	Pass
TC-002	Verify login with invalid password	Enter valid username and incorrect password	Admin / admin124	Error message "Invalid credentials" is displayed	Error message displayed	Pass
TC-003	Verify login with blank username	Leave username blank and enter password	Blank / admin123	Required validation message is displayed	Validation message displayed	Pass
TC-004	Verify login with both fields blank	Click Login without entering data	Blank	Required messages for both fields	Required messages displayed	Pass
TC-005	Verify Logout functionality	Login >Click Profile >Logout	Valid credentials	User is redirected to Login page	Successfully redirected	Pass
TC-006	Verify Forgot Password	Click Forgot Password >Enter username >Submit	Admin	Reset confirmation message is displayed	Confirmation displayed	Pass
TC-007	Verify Dashboard display	Login successfully	Valid credentials	Dashboard widgets load correctly	Dashboard loaded successfully	Pass
TC-008	Verify navigation to PIM module	Login > Click PIM	Valid credentials	PIM page opens successfully	PIM page opened	Pass
NON FUNCTIONAL TESTING						
TC ID	**Test Type**	**Test Scenario**	**Test Steps**	**Expected Result**	**Actual Result**	**Status**
TC-001	Performance	Verify login response time	Login with valid credentials	Login completes within 3 seconds	Login completed within 2 seconds	Pass
TC-002	Performance	Verify dashboard loading speed	Login and open Dashboard	Dashboard loads within 5 seconds	Loaded within 3 seconds	Pass
TC-003	Usability	Verify UI consistency	Navigate through different modules	Fonts, colors, buttons remain consistent	UI is consistent	Pass
TC-004	Security	Verify password masking	Enter password	Password characters are masked	Password masked	Pass
TC-005	Security	Verify direct URL access after logout	Logout and access dashboard URL	User is redirected to Login page	Redirected successfully	Pass
TC-006	Reliability	Verify multiple login/logout cycles	Perform login/logout repeatedly	No application crash or data loss	Application remained stable	Pass
